

Yamnuska Hall University of Calgary

This sustainable, LEED Silver certified building can house up to 592 guests in its 1, 2, or 3 bedroom suites. Besides 6-story, 592-unit residential area, the main floor consists of commercial retail units geared towards students' need. All students in their second year of study, including international and transfer students, live in Yamnuska Hall

Shurjoint products (up to 8") were used on Yamnuska Hall's domestic and heating water supply systems.
