

Kuwait International Tennis Complex

Kuwait International Tennis Complex site is approximately 70,000 Sq. Mtrs. The Design represents Kuwait's desire to host international tennis competitions and become one of the leading tennis tournament destinations in the world. The project is comprised of the following; A main stadium that will cater to 6000 persons, a secondary stadium that will cater to 2000 persons, open and closed tennis courts, sports club, players rest building, 4-star hotel and a commercial complex.

The project will feature the First retractable roof stadium in Kuwait. Consultants & Designers approved Shurjoint grooved couplings and fittings to be used on the Fire Protection system because of their cost, quality durability and ease of Maintenance.
